Other Projects

I have also worked (self-employed) outside of the world of Film and Television offering a bespoke and creative construction service for the home and garden. I have worked for private and institutional clients, Architects, Landscape Designers, and have sub-contracted work from landscaping companies. Projects have ranged from design and landscaping of exteriors, major exterior constructions and interior renovations.

Design and presentation of 3D plans (SketchUp).
Interpretation of Architects plans and Drawings.

Carpentry for small and large build.

Building - from concrete to bricks and mortar for interior and exterior renovations and build.

Plumbing - from irrigation system to household plumbing.

Painting and decorating - for interior renovation.

Electrician - for basic household improvement.
